

# CITY OF BLUE LAKE TOWN HALL MEETING

## DRAFT CLIMATE ACTION PLAN

- Learn about the RePower Project.
- Provide input for a Citizen's Guide to the Climate Action Plan

### PURPOSE OF THIS MEETING

The citizens and businesses of Blue Lake are critical for the development of an effective climate action plan.

### WHY A CLIMATE ACTION PLAN

The City of Blue Lake has recognized the need to actively reduce the environmental impact within the community.

Environmental impact is closely linked to the production and consumption of energy and material goods, and to land use planning and development.

A climate action plan informs decisions that will insure the community against the risk of climate change, increasing energy scarcity and cost, and the burden of regulatory requirements.

### WE NEED YOUR IDEAS AND INPUT

- Action items or projects you are passionate about.
- Expression of support or concern.
- General questions.

### YOUR COMMUNITY NEEDS YOUR SUPPORT!

- Reduce spending on energy and keep money local.
- Raise awareness of our environmental impact.
- Prepare for possible future changes in our climate.
